ABOUT US...

JAG Logistics & Consultancy (Pty) Ltd, a B-BBEE Level One, 51% Women-Owned company, was established in response to the growing demand for effective, client-focused service within the Transport, Logistics, and Freight industry.

Our fundamental purpose is to deliver customer-centric solutions and value-driven propositions. This approach enables us to provide highly personalized services, ensuring that optimal, end-to-end turnkey solutions are achieved for our clients. JAG Logistics & Consultancy offers extensive industry experience, supported by a broad network of highly recommended suppliers and strategic partners.

We fully support and embrace the implementation of innovative technological solutions to proactively mitigate risk and enhance operational efficiency. This capability allows us to provide real-time visibility and accessibility across all consignments entrusted to us, ensuring transparency, control, and peace of mind for our clients.

Our carefully selected network of industry suppliers and partners ensures that professional service delivery and innovative logistics solutions remain at the core of our offering. We therefore respectfully request your consideration in affording JAG Logistics & Consultancy the opportunity to support your organization and to demonstrate the value we can add to your logistics and supply chain operations.
